

SEAFARERS EMPLOYED BY OWNERS AND MANAGERS

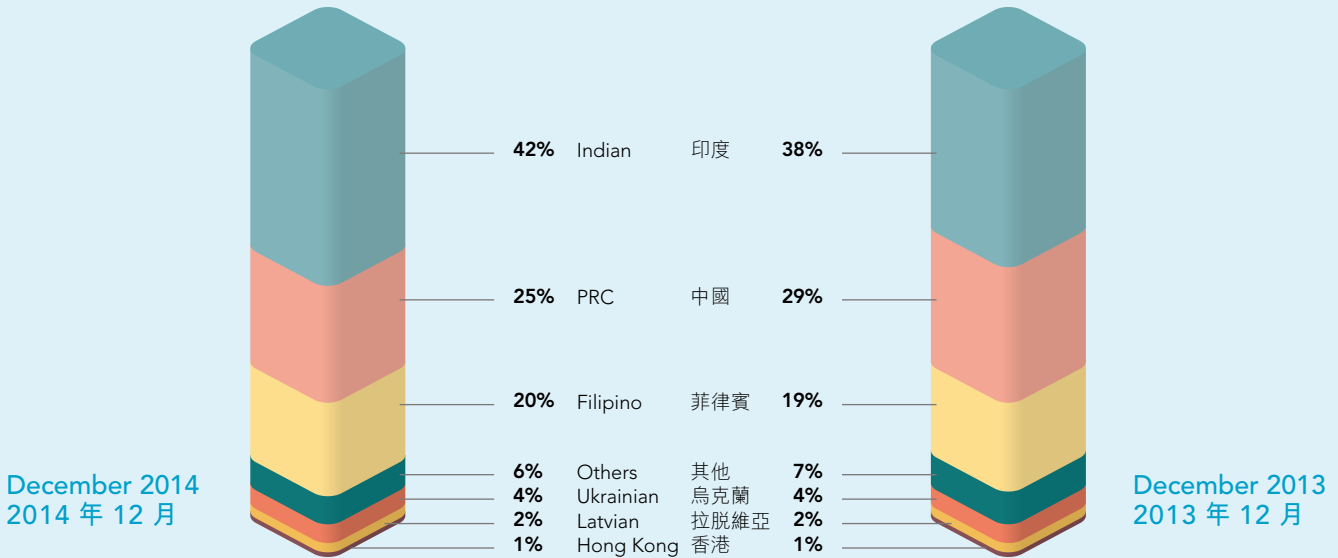

船東和管理公司僱用的船員情況

Nationality of Officers

The Nationality of Officers reported on Members' ships shows a significant increase in Indian officers and decrease in PRC officers. We do not receive reports of nationalities of crew from all members, so the changes could well be due to data errors.

高級船員國籍分配

跟去年相比，印度的高級船員數量明顯地上升，而中國船員數量則下跌。今年因未能收集所有會員的報告，所以結論會有所偏差。

Nationality of Ratings

The Nationality of Ratings shows an increase in Indian and Filipino ratings, with a decrease in PRC ratings. The number of Hong Kong ratings continues to decline, and is now statistically insignificant.

普通船員國籍分配

印度及菲律賓的普通船員數量增加，而中國籍船員數量則下降。香港船員數量仍然繼續向下調，數量接近零。
