

Proactive approach for Identifying and Mitigating risk – Dry Bulk

When and Where

Date : Wednesday 8th May 2024

Venue : Café 8, Roof Level, Hong Kong Maritime Museum, Pier 8, Central, HK

Timing : 6:15 pm to 9:30 pm

By whom

Presenter: Amit Gupta

Manager, Marine Safety, Rio Tinto, Singapore

Amit Gupta, Rio Tinto's Manager of Marine Safety since April 2023, is dedicated to enhancing the safety and welfare of seafarers. With vast experience in Maritime Operations, he leads initiatives to eliminate fatalities and injuries in dry bulk shipping. He oversees the implementation of safety standards, develops digital risk mitigation tools, and ensures vessel assurance.

With over three decades in the Maritime Industry, including leadership roles in Ship Management and Oil & Gas Terminal Operations, Amit advocates for continual improvement. A qualified Master Mariner with an MBA from Nanyang Business School, his blend of sea experience and business acumen drives innovation for safer seas.

What is it about

The presentation is about the risks and opportunities within the Dry bulk industry for preventing potential incidents by a proactive approach in identification and mitigating these risks. The interactive session provides unique insight into the ongoing safety initiatives of Rio Tinto.

Details of the presentation: 6:30 pm to 7:30 pm followed by Q & A

Reserving seats: There is no charge for this presentation. The presentation shall be followed by a networking session over food and drinks.
