

WORKSHOP

FuelEU Maritime

TUESDAY, 10TH SEPTEMBER, 2024
10.00 - 11.00 (CES)
04.00 - 05.00 PM (HONG KONG)

With almost one year of EU ETS under our belts, the maritime sector now gears up for FuelEU Maritime regulation to enter into effect starting 2025.

In this webinar, we will discuss how we can help companies navigate the implementation of the new regulation for shipping companies calling EU Ports.

Agenda

- Scope of application
- Exemptions and measures to avoid carbon leakage.
- Emissions Monitoring Plan - FuelEU Database
- Delegated and Implementing Regulations FuelEU Maritime
- Compliance schedule
- Responsibility for compliance
- Calculation of the intensity balance
- Penalties and some examples of application
- Banking, borrowing and pooling of compliance
- Fuel certification
- 15 mins of Q&A
